

**CANDIDATE FOR DIRECTOR
INLAND EMPIRE UTILITIES AGENCY, DIVISION 3**

NAME: JOHN L. ANDERSON

AGE: 71

OCCUPATION: Incumbent

As a director of the Inland Empire Utilities Agency (IEUA) Board for the past 28 years, and Board President for the past 10, I have worked to ensure that Chino and Chino Hills have reliable, high-quality and cost effective water supplies.

IEUA has received many awards for its innovative programs in conserving water, promoting renewable energy and reducing air pollution, including awards from Governor Schwarzenegger, the United States Environmental Protection Agency and the South Coast Air Quality Management District.

An adequate water supply will continue to be my top priority. My goals for the next four years are to continue expanding IEUA's water conservation programs, develop more local well water supplies, increase our recycled water use for irrigation and to implement new projects that capture storm water for groundwater recharge. Taken together, all of these programs will reduce our need to purchase expensive imported water from the Metropolitan Water District – saving everyone money.

With your support, I would like to continue to provide a safe and reliable water supply and wastewater treatment service at some of the lowest water and sewer rates in southern California.

Thank you for your vote on November 7.
